JAMES ROSTOCK, EDITOR.

Oregon Wins Again.

Oregon defeated the Clarksdale Regulars here, Friday, June 3, by a score of 7 to 3. It was a good game throughout, noted for its fast, snappy work on both sides.

The game was featured by the fast work of Moore and Strickler for the locals and Swails for Clarksdale.

Manager Dickson sent Galgano Odell to the mound for the locals, and he did fairly well. He was a trifle wild at times, but keeping his hits well scattered and with good support won out. Durant pitching for Clarksdale pitched fairly good ball, but for poor support and timely hits lost out.

Oregon Wins the Second.

Through the kindness of the mayor of Forest City and Roy Brooks, local fans are allowed to read these few lines:

Oregon won the second of the series with Clarksdale here, Saturday, by a score of 4 to 1.

This was one of the best games played on the local diamond this season, and local fans who did not attend certainly missed a good game.

The attendance was not as large as it should have been, as the locals have been playing great ball and deserve better attendance.

Manager Dickson sent Whirlwind Roberts to the mound to twirl for the locals, and he pitched great ball, drawing a no-hit, no-run game.

In this game he broke his former strike-out record by making twelve of the Regulars lay the stick.

The game was featured by sensational fielding of Markland and Springer for the locals and Swails for Clarksdale.

Oregon Lost.

Oregon lost a close game to the Benton's, of St. Joseph, Sunday, at Forest City, by a score of 4-3. It was a good game from start to finish, and anybody's game till the seventh, when the Benton's with the aid of Springer's error and bunting hits clinched the game.

Oregon lost mainly through lack of timely hits and costly errors.

Odell for the locals had an off day, being a trifle wild at times, although allowing but 3 hits, while Tuttle backed by good support pitched steady ball.

Diamond Dust.

We miss Hinde's presence at third a great deal.

It seems as though Grandpa Swan's hitting cannot be stopped.

Slippery Elm Willie is still improving in his fielding and batting.

Markland, our noted right-fielder, is no longer the hitless wonder.

Considering Maxwell's badly sprained ankle, he caught a good game, Sunday.

Please excuse Springer's running over second base; he will do better next time.

Carviezel, the fast, little receiver of the Benton's and C. B. C.'s, spent Monday in Oregon.

We have no kick coming upon Umpire Barrow, Sunday, as his work was certainly gilt-edged in every way.

We have heard about Glen Curtis' airship flight down the Hudson river, but Strickler smashed his record in Friday's game.

No wonder we had an ideal day, Sunday. We noticed John Frye attended the game, Saturday. Come out again, John.

Judging by the antics of the Benton's coacher, one would have thought he would have made a first-rate Indian war-dancer.

We have always advocated against knocking on the umpire, but Friday—Oh, well, we were just handed a bunch of lemons.

Christian Church Notes.

Sunday, June 5, was Children's day at Union. The day started with a large crowd at Sunday school, and collection almost double the average. By 11 o'clock the house was full of people to commune with their Savior, and listen to a short sermon by the pastor. The afternoon was spent in decorating the house and getting ready for the evening exercise. At 8 o'clock the house was more than filled with men and women and anxious boys and girls. The programme of songs, recitations and drills was carried out with honor to all, and especially to Misses Bertha Michael, Edith Bucher and Seth Curtis, who trained the children. Those present showed their appreciation of the children's work by giving for foreign missions \$32.55.

Preaching at Bluff City school house next Saturday night at 8 o'clock. Subject: "A Man Wanted." All invited to attend.

Preaching at Oregon next Sunday, morning and evening. Morning subject: "An Ambitious Question and a Simple Answer." Evening subject: "Why Tarriest Thou?" All made welcome.

B. H. DAWSON, Pastor.

J. J. Garner, who has been sick for several days, is now better, we are glad to announce.

Miss Dorothea Thomas, who has been teaching in Louisiana, is here for her vacation season with relatives and friends.

COUNTY GRADUATION.

School Opens Monday, September 5, 1910.

[E. M. BROOKS.]

More than one hundred boys and girls in the rural schools of Holt county completed the state course of study and graduated from the eighth grade, this commencement. Each of these will receive a beautiful diploma in testimony of their success and admitting the possessor without question or examination to any high school in this or any other county in the state. The certificate is issued by the State Superintendent of public instruction, bears the great seal of his high office and is signed by the teachers and county superintendent.

One hundred boys and girls, the pride of the rural schools of Holt county, have appreciated their opportunity, stayed in school through these eight years, and by their patience and study finished successfully the thirteen subjects in the splendid course of study issued by the State Superintendent for the rural schools; one hundred boys and girls who have laid the foundation for higher training, who have increased their chances for success in life ten-fold, who have caught a glimpse of the great bounds of life beyond the common place, who have caught a gleam of the vision of the mighty possibilities in the glorious century just opening; one hundred boys and girls who have graduated from the eighth grade in the rural schools. What a tribute to educational progress in Holt county; what a commendation of the efficiency and faithfulness of our County Superintendent, Geo. W. Reavis; what a testimony for the qualifications of the teachers who have prepared these pupils; what a gratification to the boards of directors who have administered the schools from which these pupils come; what a splendid return on the investment by the taxpayers in these districts. What a reward for the sacrifice and self-denial of the parents who have kept these boys and girls in school these eight years; what an honor to you dear young people who have finished the common school course. We congratulate you and your fathers and mothers and all others who have had a part in these results.

County Superintendent Reavis is planning a splendid commencement for you to be Educational Day at Chautauqua. You are all to meet in one big class, have a parade, receive free tickets to the Chautauqua for the day, hear the best speakers and the best music of Chautauqua week, have a picnic dinner together, wear your colors, sing your songs, receive diplomas; it is to be your day for you and your friends and the graduates are to be the honor guests. Supt. Reavis will make full announcement of details soon, and notify each one of you.

And now in closing let me offer one word of warning. There is a tendency to feel that completing the eighth grade means finishing one's education, or at least that the graduate of the common school has sufficient education for ordinary duties and demands of life. This view does not fully appreciate the demands of the 20th century; fails to take into account the progress of our country the past 40 years, and ignores the cry in every walk and mart of life, today, for men and women with strong bodies, highly trained minds, and clean and temperate lives. In many cases it is true a common school education met the business and social needs of our fathers in the '60's, '70's, '80's and even '90's, but such a limited mental training is as far short of necessity for success today as a wheelbarrow is behind an automobile for a carriage. As you take your places in the struggles for the next fifty years in this country, you must measure arms with men and women who are trained in the best colleges and technical schools in this country and Europe, who have knowledge and skill, push and perse-

—Mrs. Joseph Noelsch had her left shoulder fractured, and was otherwise painfully bruised, Saturday last, June 4. She was out at her son Louis' about nine miles northwest of Oregon when the accident occurred. She was driving, when the harness broke, and she got out to fix it, the horse became frightened, and started off, knocking her down and running over her. She was accompanied by Miss Olive Kreek of this city, and Miss Louise Morgan, of Wathena. Olive remained in the vehicle, but Louise jumped out, neither of the girls were injured. Dr. Proud was called and reduced the fracture for Mrs. Noelsch and she is now getting along very well.

—Will Klinepeter has just completed a large hay and stock barn for Jimmie Bucher, 42x48, and 19 feet to the square. It is a dandy job and a dandy barn.
